The Auditors of the Republic of Indonesia (BPK RI) hosted the first ASEANSAI Training Program in Yogyakarta.

The ASEANSAI Training Committee will soon conclude its program of training in financial audit and quality assurance in financial audit. The program will be implemented in the form of a workshop participated by auditors of the ASEANSAI Member SAIs, who are also affiliated and familiar with the quality assurance functions.

As stated in the ASEANSAI Training Committee Plan that covers the working year of 2012 to 2015, the first primary goal is the result of the training needs assessment survey is the workshop on the Quality Assurance Financial Audit (QAFA). To support the workshop, the Training Committee determined a team of the training program agenda and modules for the workshop.

The first ASEANSAI training program was held in Yogyakarta, Indonesia from December 3 to 8, 2012. The workshop aims at training the participants as well as sharing the knowledge and experiences in ensuring the quality of financial audit conducted by the ASEANSAI Member SAIs. The workshop will only focus on the quality assurance review on the individual audit level and not on the institutional level.

After the workshop, it is expected that the participants could conduct the pilot quality assurance reviews and send the Quality Assurance Review (QAR) report and the Utility report to the ASEANSAI Secretariat.

First ASEANSAI Training Program in Yogyakarta

The ASEANSAI Training Committee concluded a team of the training program consisting of several instructors from the SAI of Brunei Darussalam, Indonesia, Malaysia, Philippines, and Thailand. The instructors’ design meeting has been concluded on September 12, 2012, in Bangkok, Thailand, of which the Office of the Auditor General of Thailand fruitfully hosted the meeting that lasted from September 9 to 13, 2012. The team of instructors designed and developed the materials for the workshop, which are based on the ASEANSAI members’ requirements.

As the instructors’ design meeting already concluded the pre-workshop preparation, SAIs commitments and the submission of the course materials for the workshop.
