In recent time, SAV has made its effort to accelerate agency supporting the supreme supervising power of the Constitution. SAV’s Law in 2005 but it has not been stated in the Constitution.

After approximately 19 years of operation, the State Audit Office of Vietnam (SAV) has affirmed its role as an effective management tool, which made many contributions to the development of the Socialist Republic of Vietnam.

In 2013, the SAV’s development marks a major step in improvement of its independence, Mr. Josef Moser – President of Austrian Court of Account stated. Secretary General considers the SAV to be a model in the implementation of Resolution A6/2009 of the United Nation. The people of Inlay Lake called (Imb) live in four cities bordering the lake, in numerous small villages along the lake shores, and on the lake itself. The population consists predominantly of India, with a mix of other Shan, Taunggyi, Daw (Binglaing), Dams, Kayah, Damar and Burmese ethnicities.

The native people grow vegetables and flowers on floating islands which can be cut, dried by oars and sold as rice, and sold as rice and fish products.

The cooperation between RKA and NAO was started with the signing of MoU in Johorbahru on November 14, 2013 by the Chairmen of BPK and the AG of NAO during the 14th Session of the FAO Finance Committee last March 1st, 2013. It was signed by several otherivilised countries, Germany and United Kingdom.

This is the second time that the Commission will serve as a Co-Auditor. The first was in 2009. BPK was also appointed as an Internal Auditor of United Nations Food and Agriculture Organization (FAO) for similar project when during the 14th session of the FAO Finance Committee last March 1st, 2013. The audit was also conducted for the other developed countries, Germany and United Kingdom.

Our “unexpected success in the second time as a Co-Auditor under the FAO Finance Committee” brings actual benefits to our program to promote the audit services, transparency, and accountability in the NAA.

To continue cooperation in 2013, NAO visited BPK on May 20th-24th 2013 to conduct a Scoping Mission on the areas of cooperation in 2013-2014. The NAO delegates were Mr. LOW Kiang Loong (Deputy Secretary General), Mr. HAEUF Dara (Director of Department 3) and Mr. CHIN Heng Chang (Director of Department 5). The meeting was held for 3 days.

Under the Sustainable development, OAG conducted a preventive environmental audit. OAG conducted an audit on the areas of cooperation in 2013-2014. The NAO delegates were Mr. LOW Kiang Loong (Deputy Secretary General), Mr. HAEUF Dara (Director of Department 3) and Mr. CHIN Heng Chang (Director of Department 5). The meeting was held for 3 days.

In this session, we will address how to ensure the quality of the environmental impact assessment, especially during the feasibility stage. As we all know, this stage is crucial to avoid unnecessary costs and to ensure that the project is sustainable.

It is worth to note that this meeting was successfully concluded with excellent participation from both Auditors. The delegations were engaged in lively discussion, sharing experiences and lessons from previous projects to ensure the success of the project. Special thanks to all participants who have contributed to this meaningful event.

As the ASEANSAI Secretariat, we are delighted to see the growing interest in the area of environmental audit. We believe that the exchange of knowledge and experiences among the members will contribute to the advancement of our profession.
